

# Europass Curriculum Vitae

## Personal information

Dina Maria Ribeiro Mateus

Escola Superior de Tecnologia de Tomar  
Instituto Politécnico de Tomar  
Estrada da Serra, Campus da Quinta do Contador, 2300 313, Tomar, Portugal  
Telephone: +351 249328100    Fax: +351 249328167    www.ipt.pt    dinamateus@ipt.pt  
Gender: Female    Date of birth: 09.07.1965    Nationality: Portugal  
ORCID ID: 0000-0001-8374-3384

## Work experience

**Dates** 1997 onwards

Occupation or position held

Professor /Researcher

Main activities and responsibilities

In charge of several curricular units in the fields of chemical technology and biotechnology in bachelor's and master's degree courses and in technological specialization courses. Supervisor of final projects of bachelor's and master's degree courses. Author of several scientific publications reporting research projects in the field of industrial and environmental Biotechnology. Coordination and participation in various committees for the creation/adaptation of first and second-cycle degree courses. Member of organizing committees of conferences in the area of chemical engineering and environmental engineering. Regular member of the jury in master's degree public discussions.

Member of the Scientific and Technical Council, 2012 onwards.  
Head of the Master's Degree in Chemical Technology, 2009 onwards.  
Member of the General Council, 2006-2010.  
Head of the Chemical Technology scientific area, 2003-2011.  
Member of the Scientific Council, 2000-2011.

Scientific research activities on the domains of biotechnology, chemical and environmental technologies: constructed wetlands for wastewater treatment; microalgae for biofuel production; water quality conservation and green energy production.

Teaching subjects  
(last five years)

Environmental Engineering (Undergraduate level)  
Bioreactors (Undergraduate level and 1st cycle)  
Food biotechnology (Undergraduate level and 2nd cycle)  
Mass and energy transport phenomena (1st cycle)  
Introduction to chemical and biochemical engineering (1st cycle)  
Genetic engineering (1st cycle)  
Enzymatic Engineering (1st cycle)  
Bioprocess Engineering (2nd cycle)  
Design of Chemical plants (2nd cycle)

Name and address of employer

Tomar Polytechnic Institute, Campus da Quinta do Contador, Estrada da Serra, 2300-313 Tomar,  
Portugal

Type of business or sector

Public Higher Education Institute / Research Centre

**Dates** 2011 onwards

Occupation or position held

Researcher

Main activities and responsibilities	Scientific research activities focused on the domains of biotechnology applied to the biodegradation of cultural heritage, decay mechanisms and control methods.
Name and address of employer	GEOBIOTEC - GeoBioSciences, GeoTechnologies and GeoEngineering (GEOBIOTEC/UA) Campus de Santiago, 3810-193 Aveiro
Type of business or sector	Research Centre
Dates	<b>1992 - 1999</b>
Occupation or position held	Ph.D. Grantee, 1994-1999, doctoral fellowship from the Portuguese Government Research Agency [FCT]. Supervisors: Prof. Dr. Manuela Fonseca and Prof. Dr. Sebastião Alves. MSc Grantee, 1992 -1994, fellowship from the Portuguese Government Research Agency [FCT]. Supervisors: Prof. Dr. Manuela Fonseca and Prof. Dr. Sebastião Alves.
Main activities and responsibilities	Research in the field of biotechnology: kinetic, mass transfer and hydrodynamic studies in a liquid-impelled loop bioreactor, application to L-tryptophan production.
Name and address of employer	Centro de Engenharia Biológica e Química, Chemistry Department, Instituto Superior Técnico, Technical University of Lisbon, Avenida Rovisco Pais 1049-001 Lisboa. Portugal
Type of business or sector	Research Centre/Public Higher Education Institute
Dates	<b>1990 – 1992</b>
Occupation or position held	Research Trainee, 1990-1992. Supervisor: Prof. Dr. José Carlos Pereira.
Main activities and responsibilities	Research in the field of fluid mechanics: development of a Fortran program for the numeric resolution of the transport equations aimed at the optimization of combustion systems.
Name and address of employer	Mechanical Department, Instituto Superior Técnico, Technical University of Lisbon, Avenida Rovisco Pais 1049-001 Lisboa Portugal
Type of business or sector	Research Centre/Public Higher Education Institute
<b>Education and training</b>	
Dates	<b>1994-1999</b>
Level in national or international	PhD
Principal subjects/occupational skills covered	Thesis Title: 'Hydrodynamics and global kinetics of a liquid-impelled loop reactor: application to L-tryptophan production'
Name and type of organisation classification	Instituto Superior Técnico, Technical University of Lisbon, Lisbon, Portugal ----
Dates	<b>1992-1994</b>
Level in national or international	MSc
Principal subjects/occupational skills covered	Thesis Title: 'Kinetics and mass transfer studies in a liquid-impelled loop bioreactor'
Name and type of organisation classification	Instituto Superior Técnico, Technical University of Lisbon, Lisbon, Portugal Very Good
Dates	<b>1984-1990</b>

Level in national or international Name and type of organisation classification	Bachelor of Chemical Engineering Instituto Superior Técnico, Technical University of Lisbon, Lisbon, Portugal Good
<b>Research activities</b>	<p><b>Research projects</b></p> <p>VALORBIO - Wastes valorisation through modular constructed wetlands for wastewater treatment-023314 (AAC 02/SAICT/2016).            Análises laboratoriais de índole hidráulica e de solos (Soils hydraulic permeability essays), no âmbito do projecto "Optimização de sistemas de tratamento de águas residuais por plantas hidrófitas". Supported by Comissão de Coordenação e Desenvolvimento Regional do Centro, 2006 (Coordinator researcher).</p> <p>Monitoring of nutrients removal in pilot-scale constructed wetlands. Supported by Maxit, S.A., 2005 (Coordinator researcher).</p> <p>Evaluation of light weight expanded clays aggregates as constructed wetland fillers. Supported by Leca Portugal, S.A., 2002-2003 (Coordinator researcher).</p> <p>Engenharia de células imobilizadas (PRAXIS 2/2.1/BIO/37/94)(1995-1998)</p> <p>Bio-reactores multifásicos (PRAXIS 2/2.1/BIO/1061/95)(1996-1999)</p>
